

A Pictorial of a Day in the Life of a WWII jeep

27 JUN 2008 – Somewhere in North Dallas, TX

Recon on a neighborhood street

Mike Jay – Former Owner ... driven through the woods near his house.

28 JUN 2008 – Johnston County, OK

A handful for some vehicles, but “Toby” make short work or climbing on top of these rocks. Must have some mountain goat in the genes. The four wheel drive is great!
These rocks are Tishomingo Granite ... the only place on Earth that it exists.

Hiding in the tall grass ... reminiscent of a South Pacific Island ... more rocks.

Mac Esary – my Dad ... he said to me earlier that day "I've driven more miles in one of those than you ever will. Several years in the OK National Guard and dozens of trips to Fort Polk, Chaffee, Hood, Sill etc.
